### About the Course/Training Programme:

Use of various types of Personal Protective Equipment (PPE) has considerably been increased in industries to protect their workers from injuries and accidents as well as to safeguard from various types of hazardous chemicals. It is very much understood that the degree of protection that these devices can provide greatly depends on the quality of the equipment available along with effective selection use and maintenance of the same at the place of work. Keeping in view of the above, this three day Workshop has been designed with the following objectives. Therefore, Regional Labour Institute, Kanpur under DGFASLI is providing a training platform for the intended participants.

### Objectives:

By addressing factor such as selection criteria, its proper use and care & maintenance of PPE to improved safety of worker, enhanced productivity and increased morale among employees. This holistic approach to workplace safety not only ensures regulatory compliance but also fosters a positive work culture focused on employee well-being and organisational success.

### Course Highlights:

- After the training, participant will be able to understand,
