Training programme on
“Hazard Identification and Risk
Assessment” on
06th – 08th August, 2024

ABOUT THE COURSE

As a preventive measure of minimizing the chance of accident to occur in industries and thereby reducing the possibility of injury, loss of material and degradation of the environment, it is necessary to use more systematic methods for identification, evaluation and control of hazards to supplement the existing procedures. The inherent property of material used in the process and processes themselves poses the potential hazard in any hazardous installation and comprehensive Hazard identification, risk assessment and control are needed for effective safety management. Therefore, Regional Labour Institute, Kolkata under DGFASLI Mumbai is conducting three days training program on “Hazard Identification & Risk Assessment” for the intended participants to cater to the need of industries.
