DIRECTORATE GENERAL FACTORY ADVICE SERVICE AND LABOUR INSTITUTES
Ministry of Labour and Employment, Government of India

THREE DAY TRAINING PROGRAMME ON
HAZARD IDENTIFICATION AND RISK ASSESSMENT
15 -17 Jan, 2024 (10:00 – 17:00 Hrs)

About DGFASLI & RLI Faridabad

DGFASLI is an attached office of the Ministry of Labour & Employment, Government of India and serves as a technical arm to assist the Ministry in formulating national policies on occupational safety and health in factories and docks. Regional Labour Institute (RLI) at Faridabad is a subordinate office under the DGFASLI and caters to occupational safety and health in factories.

Programme Preamble

This training program adopts a collaborative problem-solving learning method, offering an opportunity for individuals to build their competencies by gaining an introductory understanding and fundamental knowledge of hazard identification and risk assessment within industrial settings.

This course aims to assist organizations in comprehending the necessary measures by pinpointing the underlying causes of emergencies. It focuses on preempting future incidents through comprehensive hazard identification and risk assessment. The systematic approach to hazard identification within organizations is pivotal in averting emergency situations. This course equips participants with the tools to implement step-by-step processes that effectively mitigate emergencies. Moreover, it empowers participants to enact tangible enhancements and valuable contributions to the current emergency planning protocols and work methodologies.

Programme Highlights

- National Policy on Occupational Safety & Health
- Hazard Recognition Techniques
- Occupational Hazards
- Risk Management Frameworks
- Quantitative and Qualitative Risk Assessment
- Risk Mitigation and Control
- Case Studies

Participants

Training is suitable for line managers, operations and maintenance managers, technical, and maintenance engineers, supervisors, safety representatives – and anyone with the responsibility for hazard identification and risk assessment in their respective plants and projects.
